

Revolutionize Your Training with MClearning

Seamless, Smart and Scalable Training

Do you struggle to deliver timely, relevant and engaging training that fits into busy work schedules while ensuring consistent learning outcomes? Our Learning Management System, **MClearning**, offers a scalable and automated platform designed to simplify training management and delivery. It empowers learner to learn efficiently when and where they need it most - boosting engagement, improving performance, and streamlining administrative tasks for training managers or tutors.

- **Ensure consistent and compliant training** through scalable, rule-based automation, minimizing organizational risk
- **Simple to use** - Interface is designed for clarity and efficiency
- **Reduce administrative overhead** - freeing up your time for strategic initiatives
- **Gain powerful and actionable insights** through comprehensive reports on learner progress and engagement

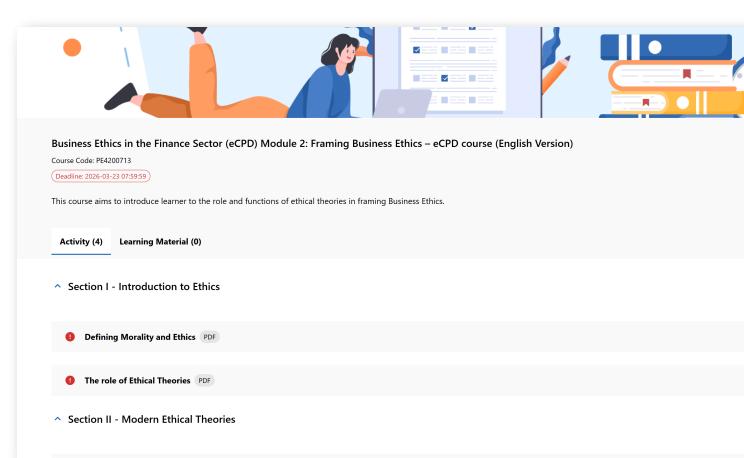

The screenshot shows the MClearning Learning Management System homepage. At the top, there are navigation tabs: Home (which is selected), Catalogue, and Learning. On the right, there are search and user profile icons (DL Demo Learner 6). The main area features a large, colorful illustration of three learners (two adults and one child) interacting with a large smartphone displaying a course interface. Below the illustration, there's a section titled 'My Recent Learning' with buttons for 'Recently Registered' and 'Recently Read'. To the right, there's a 'View My Progress' button. The bottom of the page has a decorative footer with icons representing various learning activities.

Just-in-Time Training Assignment

- Support **blended learning** through a combination of e-learning content and instructor-led classroom sessions.
- Scalable **training automation** to assign learning modules based on rules and triggering events.
- **Automated event notifications** keep learners promptly informed.

The screenshot shows a course assignment titled 'Business Ethics in the Finance Sector (eCPD) Module 2: Framing Business Ethics – eCPD course (English Version)'. It includes course code PE4200713 and a deadline of 2026-03-23 07:59:59.
